

WANTED

Full-time jobs for Barn Cats

Youthful, sterilized “outdoor” cats seek jobs as dependable mouse patrol. Many are feral (undomesticated) or semi-feral, and have been rescued from unsafe conditions. All have been sterilized and vaccinated, and desperately need safe, outdoor homes where they can hunt mice as nature intended.

Requirements include daily food and water, a kind word, and shelter in your barn, stable or garden shed. Talbot Humane will assess no fees.
